* Not compatible with KX-TE Series PBX.

Call Forwarding / Do Not Disturb
Smoothly execute the Call Forwarding function. You can also block calls when you're busy.

16 characters x 1 line LCD
The LCD display with 1 line 16 characters is easy-to-read and shows the information clearly.

Message
Even when the dialled extension is busy, or there is no answer, you can leave a message-waiting indication. You can also call back to the party who left the message-waiting indication with this button.

Conference
Establish a multi-party conversation. Convenient for a small meeting.

Message / Ringer Lamp
A large, easy-to-see lamp indicates visually that there is an incoming call or a message.

Auto Answer / Mute
Make it possible to respond to incoming calls or mute the microphone by one touch. Never miss an important call even when tied up with work.

Programmable Keys with Dual Colour LED
Enjoy one-touch operation of features such as Direct Station Selection (DSS), Log-In/Log-Out, or voice mail transfer.
The buttons are programmable and have a dual-colour LED that shows line status, extension status (BLF).

Auto Dial / Store
Lets you make a call to the number assigned to the Speed Dial Number in just a few steps. Save time and effort by registering frequently called numbers.

Speaker phone
Enable to dial or talk without picking up the handset. As you can talk while using both hands, work efficiency will be improved.

Navigator Key
Helps adjust the volume and the display contrast quickly. Also used to select desired items for each function.

* Available in White & Black Colour
